

Letters From A Small Island...(Somewhere)!

Occasional musings, tips, tricks and tactics about internet marketing (plus what I'm up to and other stuff about generally **hanging out on various exotic islands, making money...and stuff**).

Hi folks,

Here we are with this Sunday's edition of **'Letters From A Small Island'**.

This issue is called....

'How To Make A Few Extra Thousand Bucks Without Really Trying!'

Read on to find out more....

In the last issue, I talked a bit about all the insecurity and unrest going on in the world right now, both global financial and country specific, and how the only way to be able to predict your own future is to create it for yourself.

i.e. to create your **own** financial future and be responsible for it yourself. Take back control of your own finances and earning capabilities, in other words. Remember that from last week?

Well, judging from the hordes of emails I got in, this rang a bell with a lot of you.

If you recall, last time, I also gave you an example of ...

How I made \$1,011.00 (recurring) from 10 minutes work THIS MORNING.. (Sent Wednesday, April 25, 2012)

...and I told you that the method I used was something I teach in my 6 week course here: www.VideoMarketingMiracle.com

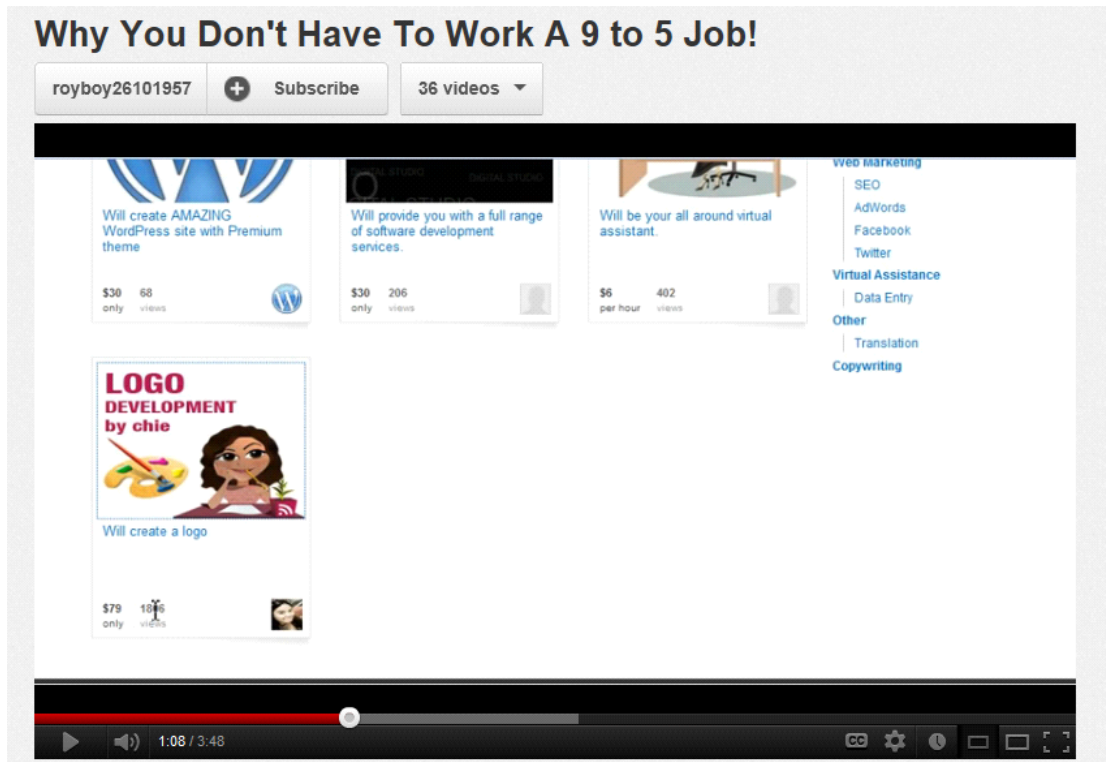

A number of you picked that up, (WISE move!) and are now on your way to having your own very tasty 'Plan B' income.

Anyway, I haven't got a lot of time this morning because the beach calls and I want to get some fishing in today (remember, I'm leaving the island to head back to Cyprus on the 18th, so I need to get as much fishing in as possible)!

So what I thought I'd do for you is just share with you one tiny example of why, in this day and age, you don't actually have to work a 9 to 5 job if you don't want to.

I made a quick video for you about this that I have called, coincidentally.....

Why You Don't Have To Work A 9 to 5 Job!

You can watch the video on YouTube here...

<http://www.youtube.com/watch?v=dPtPborozQY>

There you go. That is just one little example for you. The opportunities to make a shed-load of money online are many and varied and like I said, you just have to get started. You can get weekly lessons from me if you want to, at <http://www.AffiliateMarketingWithRoyCarter.com>

The rest is up to you.

IDIOT OF THE WEEK AWARD

A man, wanting to rob a downtown Bank of America, walked into the Branch and wrote this, "Put all your munny in this bag."

While standing in line, waiting to give his note to the teller, he began to worry that someone had seen him write the note and might call the police before he reached the

teller's window. So he left the Bank of America and crossed the street to the Wells Fargo Bank.

After waiting a few minutes in line, he handed his note to the Wells Fargo teller. She read it and, surmising from his spelling errors that he wasn't the brightest light in the harbor, told him that she could not accept his stickup note because it was written on a Bank of America deposit slip and that he would either have to fill out a Wells Fargo deposit slip or go back to Bank of America.

Looking somewhat defeated, the man said, "OK" and left. He was arrested a few minutes later, as he was waiting in line back at Bank of America.

They're not all locked up are they?

READERS LETTERS

Dear Roy Carter,

I enjoy your newsletter. I'd like to read more about your daily work schedule on the island, and solving internet connection problems, and stuff like that.

I live in Lapu Lapu, Cebu, Philippines. I'm an American.

I made it to Crete, and Istanbul, but never made it to Cyprus.

Thanks, and keep up the good work! You're an inspiration.

Bill, Philippines

--> Glad you are enjoying the newsletter Bill. I don't really have a daily work schedule to be honest. I 'work' when I want to really, but generally do at least a couple of hours a day. Sometimes a lot more though, because I enjoy what I do tremendously and so it doesn't feel like work really.

As for internet connection problems, I have never really had a problem. I use a dongle sometimes but the world is getting way better with the connection thing nowadays. I was on Barros Island, right smack in the middle of the Indian Ocean, in the Maldives, and that little tiny island had a better internet connection even than I get back home in Cyprus!

NOTE: Bill has had quite a life as it turns out. He sent me a book he has written, called '**Ticket To Paradise**'. It's all about his travels and visits to various countries around the world. I have to say that I just do not have the time to read books that get sent to me (and I get a lot) or I'd get nothing done. However, this one stole a morning from me as I couldn't put it down!

A Step By Step Guide To How You Can Get Out Of Your Boring Daily Grind And Move (permanently) To The Beautiful Tropical Beach Of Your Dreams, Live There, And Make A Good Living With Your Own Online Business.

A great read and highly recommended! You can get it by going here <http://tinyurl.com/YourParadiseTicket> and clicking on the '**Services**' tab.
